TERROIR Our vineyards in the area of Kitzeck-Sausal (Ried Hochkittenberg) are dominated by schist and slate conglomerates and cool winds from the Koralpe. This stimulating climate combined with the Sausaler prehistoric rock gives the wine vibrant acidity and cool flavours.

WINE DESCRIPTION After more than 18 months on the lees this elegant Sauvignon Blanc impressively reflects its local origin. Delicate slate spiciness, aromas of yellow apples, nashi pear, quince and gooseberry. Mineral, salty, clear as a bell.

THE WINE YEAR 2020 The wine year 2020 started dry and sunny, with ideal conditions for pruning. The warm, humid spring required intensive work in the vineyards. Only in this way could we later aerate the grapes in the best way. The cool June was the month of flowering, followed by two more intense months in the vineyards. Every single grapevine was treated selectively and individually. Early September brought the perfect ripening in the vineyards so that we started the shortest harvest in Tement history on September 21, with over 150 helping hands. Now the firstclass qualities mature in the cellar, which are exceptionally clear, harmonious and structured.
