TERROIR Our vineyards in Ehrenhausen are characterized by fertile coralline limestone soil.

WINE DESCRIPTION The mineral soil requires a particularly slow and gentle maturation time. After more than 18 months sur lie this balanced and elegant Sauvignon Blanc presents delicate citrus notes, deep mineral flavours and impressively reflects its local origin. Balanced and delicate Sauvignon Blanc with deep minerality and citrus notes. "Tement signature".

THE WINE YEAR 2020 The wine year 2020 started dry and sunny, with ideal conditions for pruning. The warm, humid spring required intensive work in the vineyards. Only in this way could we later aerate the grapes in the best way. The cool June was the month of flowering, followed by two more intense months in the vineyards. Every single grapevine was treated selectively and individually. Early September brought the perfect ripening in the vineyards so that we started the shortest harvest in Tement history on September 21, with over 150 helping hands. Now the firstclass qualities mature in the cellar, which are exceptionally clear, harmonious and structured.
