Wine description	Almost shy... in the best way. It smells like ripe apple, citrus fruit, and dandelion root. The wine is slender and light, with welcoming acidity and salty-mineral aftertaste.

## The wine year 2021

Mature, crystal-clear wines from perfect grapes: these are the characteristics of the 2021 vintage, which will probably be talked about for a long time. January and February were characterized by picture-perfect days. Dry and sunny. These were ideal conditions for pruning and tying. March was rather cool and wet, and bud-break came later than in previous years. April and May were also dominated by cool, damp weather. Early summer was then moderate with late flowering, which then lasted for several weeks. July and August were very grateful months, with the vines catching up on almost everything in their development. The dry and warm autumn then created first-class conditions. In short, our expectations for the 2021 vintage are high. The grapes were perfect, although the yields were lower than expected. Thanks to the ideal ripeness levels, we can expect incredibly elegant wines that will be very juicy and concentrated with compact structure and harmonious acidity.
