Wine description	Engaging. Its fragrance is reminiscent of an elegant perfume. Floral and refreshing while at the same time full bodied. Summer flowers, some lime, stone fruit, lemon balm, and unintrusive nuances of smoke. On the palate the wine is light with a vibrant acidity and elegant minerality. Smoothly addicting.

The wine year 2021

Mature, crystal-clear wines from perfect grapes: these are the characteristics of the 2021 vintage, which will probably be talked about for a long time. January and February were characterized by picture-perfect days. Dry and sunny. These were ideal conditions for pruning and tying. March was rather cool and wet, and budbreak came later than in previous years. April and May were also dominated by cool, damp weather. Early summer was then moderate with late flowering, which then lasted for several weeks. July and August were very grateful months, with the vines catching up on almost everything in their development. The dry and warm autumn then created first-class conditions. In short, our expectations for the 2021 vintage are high. The grapes were perfect, although the yields were lower than expected. Thanks to the ideal ripeness levels, we can expect incredibly elegant wines that will be very juicy and concentrated with compact structure and harmonious acidity.
